Why Sweet Tea for Sophie?

The idea was started because a girl named Sophie has NF and her brothers wanted to do something about it. The truth of the matter is, there are so many amazing NF heroes. Some are profoundly affected by their neurofibromatosis. Every bit of this effort is for each person dealing with the effects of NF in their lives. The Sweet Tea may be for Sophie, but our goal is to create a sweet and fun way to try to fund a CURE for everyone with Neurofibromatosis.

We Really Dislike NF!
